REF: Declaration about test reports applicable to DiGi XBP24 (FCC ID: OUR-XBEEPRO, IC: 4214A-XBEEPRO)

Dear Sir or Madam:

Libelium Comunicaciones Distribuidas S.L. hereby declares that the product Meshlium 4G 802.15.4 900 US with FCC ID: XKM-MESHLIUM-V1 and IC: 8472A-MESHLIUMV1 integrates the module DiGi XBP24 (FCC ID: OUR-XBEEPRO, IC: 4214A-XBEEPRO)

We haven't changed the RF part and simply have integrated the module in our product.

The module installed (in Libelium devices) is the C2PC done after originally certification done in 2005 (in USA)/ 2006 (in Canada).

The following test results of the module are valid, applicable and representative for the compliance of these products:

- Test report Part 15 and RSS-210 Issue 8 (RF Conducted)

As verification of the compliance of the device, the following testing has been performed:

- Radiated Spurious Emissions
- Test report Part 15, RSS-247 Issue 1 (RF conducted for the highest channel)
- EMC test report

Sincerely,

By: David Gascón
